LARGEST IN THE CITY.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising notices free any more than a merchant can afford to give his goods free of cost. A newspaper is a legitimate business concern. Its columns are its stock in trade, and its proprietors should be paid for, no matter in what part of the paper they appear.

The Continued Calls
Upon The Lenders for free notices have become so burdensome that we are forced to publish the following terms:

For Notices of Shipments
cavendish, fette, or other publications, statements where a fee is charged, and for ordinary notices, read of respect, etc., the Lender will charge five cents a line, and heretofore this will be the reasonable rate. This, however, is over.

Does Not Exclude
notices of Lodge meetings or Church services, which must not exceed ten lines.

Avoidance of Disputes.
Misunderstandings are unpleasant. The rate for Business Lender is the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line notice. The Lender says, "I'll tell you when to take it out." He says to the bookkeeper, "Put it in the 11th box." When he finds it out, there is a "row" and a controversy. Therefore, notices will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be plain and all around.

For Matter for publication must be handed in before 9 o'clock in the morning of each day.

THE CITY DEBT.
It Has Been Reduced Handsomely Within the Last Ten Years.

At the last meeting of the City Council Mayor Cox made a statement of the present bonded indebtedness of the city.

Perhaps it would be interesting to the citizens of Mayville to know something about the financial management of the city for the past ten years.

On January 1st, 1887, the indebtedness of the city was as follows:

Bonds due in 1887, 6 per cent. \$ 7,500
Bonds due in 1888, 6 per cent. 5,000
Bonds due in 1889, 6 per cent. 5,000
Water Bonds, 6 per cent. 50,000
Railroad Bonds scrip, 6 per cent. 50,000
Notes due Bank of Mayville, 6 per cent. 4,000

Total, \$137,500.
Bonds issued to Railroad Guarantee Committee, 5 per cent. 6,250

Total debt, \$143,750.
The Railroad scrip was issued to the Guarantee Committee to purchase the right of way for the Mayville and Big Sandy or C. and O. Railroad, and was sold at a discount of \$6,250, which amount was made good to the Guarantors by the issue of a bond for the amount, which, added to the above, made the total indebtedness at that time of \$143,750. Of this sum \$137,500, as will be seen, drew 6 per cent. interest, and only \$6,250 drew 5 per cent. interest.

Since 1887 there has been added, by the incorporation of the town of Chester with the city, now the Sixth Ward, an expense of \$100 per month for electric lighting in that part of the city, \$50 per month for a Policeman for that Ward, and about \$150 per month for three schoolteachers in that District.

Besides this extra monthly expense, there has since 1887 been added to the city debt—
Extension of water mains to Eighth Ward. \$15,000
Bridge over Limestone Creek. \$2,000
New schoolhouse, Fifth Ward. \$10,000
Total. \$27,000
Add old debt as above. \$143,750
Making grand total of. \$170,750
The present debt is. \$110,250
Making reduction of debt in ten years, \$60,500
On an average of \$6,050 per year, besides promptly meeting all charges for interest.

Of the present debt, owing to good financial management, only \$8,000 is drawing 6 per cent., the balance of \$102,250 bearing 5 per cent.

These are the facts for the croakers to consider, and perhaps they will learn that the city has not been run "heels over head" and gone to the howlows entirely.

The statement is absolutely correct, having been taken from the city records.

SUNDAY-SCHOOL STATISTICS!

Results of the House-to-House Visitation in This City.

SOME FIGURES THAT WILL INTEREST.

The work of the house-to-house visitation for the city of Mayville has been completed, and while the work has not been done in a perfect manner, it has been done in a way that will result in much benefit to the young people of the city if the Christian workers of the community will make use of the information supplied by the visitors' cards.

The visitors' cards call for information in regard to Church membership and preference. These cards have been secured with reference to this expression, and the following Churches have received the cards without any distinction: Methodist, Baptist, Christian, Presbyterian, Episcopal and Catholic. These cards point out to Ministers, Sunday-school Superintendents, teachers and all Christian workers the homes where children

are to be found.

Not in Sunday school are to be found. This field presents a grand opportunity for a work of humanity. These cards are in the hands of your Minister. Call upon him and ask to inspect them and make use of them in doing work for the cause of Him who delighted to visit the homes of those needing the light of life. The Sunday-schools of the city should be twice as large as they are now, and then there would be a large percentage of our population out of this great institution of the Church. Let every child in the city be brought under the civilizing influence of the Gospel, and we will see a bright day in the history of our fair city. You are not too old to attend Sunday-school. You have not yet outgrown the period that you can get information.

The visitors' cards show that out of a white population of 2,567 over 31 years of age only 445 attend Sunday-school; and out of a white population of 1,386 between 1 and 21 years of age only 919 attend Sunday-school. Out of a colored population of 559 over 21 years of age only 79 attend Sunday-school; and of the 374 between 1 and 21 years of age only 135 attend Sunday-school.

These figures do not represent the entire population of our city, but they represent the part of the population that is very large number of earnest workers were able to reach by a systematic visitation of the city by Wards.

Below we append the tabulated result of this work:

GEORGE BROMLEY.

A Former Mayville Man Gets Into Serious Trouble at Covington.

Mrs. Carrie Bromley of Covington swore out a warrant yesterday morning for the arrest of her husband, George Bromley.

She alleges that he came home late Monday night in an intoxicated condition.

The natural sequence was a quarrel, during which Bromley drew a knife and tried to cut her throat.

She fled to the home of her father, Thomas Cook, also a former resident of Mayville, where she spent the night.

The warrant was issued, but so far the police have been unable to locate Bromley.

The man who once because he is hungry, is thus far, on a level with the brutes. The man who stops eating the moment his hunger is appeased is the wise man. Nature needs more food than she asks for. Continued excess brings about indigestion or dyspepsia, with loss of flesh, strength, sleep, ambition and mental power, and an accumulation of acids, pains and many dangerous local maladies.

The stomach now calls for nothing alone. We must appeal to some artificially digested food which can also digest other foods. That is why we eat of the St. Mark's Digestive Cordial. The effect is prompt and cheering. The chronic pain and distress ceases. Appetite promptly revives. Flesh and vigor gradually come back, and the sufferer recovers. But he must be careful to follow. A trial will be for himself and his family.

Laxo is the best medicine for children. Doctors recommend it in place of Castor Oil.

SHE SKIPPED OUT.

A Colored Member of the "Before the War" Company Missing.

Everything wasn't lovely with the members of the "Before the War" Company when it was here.

Nettie Paul, one of the colored faculty, left the troupe before the entertainment, going to Cincinnati, and it is claimed taking with her a valuable package that belonged to some one else.

Manager Martell wired Chief Dietrich to arrest her, but at last accounts she had not been captured.

Interesting Items That Every Man in Mayville Should Read.

Last Sunday afternoon Prof. W. T. Berry conducted the men's service, and helpful remarks were made by Prof. Hayes Thomas and others in "The Young Man's Strength."

Tomorrow (Thursday) evening at 8:15 o'clock the Bible Training Class will meet in the Association parlor to consider first "The Divisions of the Bible," and second "Reasons Why We Should Study the Bible." This class promises to be very helpful to all who will attend its sessions.

A treat is in store for those who come to the Men's Rally next Sunday afternoon. The choir of the Christian Church has kindly promised to assist in the service, and in addition to the chorus singing there will be a quartet selection and a solo by Mr. T. Reed Chunn. An address will be given by Rev. L. P. Trotter on "The Young Man's Opportunities."

The Directors of the local Association will meet in the parlor this afternoon at 4 o'clock. In addition to the regular business and presentation of reports by the various committees, the Board will elect new members, will appoint delegates to the State Convention to be held at Frankfort next week, and the question of inviting the convention to meet here in Mayville in 1898 will also be considered.

On Saturday evening from 7 to 8:30 a "Valentine Reception" will be tendered to the junior members of the Association and their girl friends. A fine program for this event is being arranged. Each junior member is expected to invite and bring with him a young lady, and also to present at the door as admission two nice valentines, which will be deposited in a mail pouch and afterward distributed. Music, games, a "cake walk" and other nice things are included in the program. At the January social the juniors were privileged to bring their boy friends; on this occasion only the members and their girl friends will be received.

The Educational Committee is pleased to announce that Dr. C. C. Owens will begin the series of informal talks on practical subjects by speaking at the next association rooms on Tuesday of next week, beginning at 7:30 o'clock, on the important subject, "First Aid to the Injured, or What to Do Till the Doctor Comes." Every reader will at once recognize the great value of practical instruction from a man of experience on such a theme as this. What to do in case of fracture, hemorrhage, drowning or other forms of accident will afford material for a most excellent talk, which it is hoped every man in Mayville who can do so will plan to hear on Friday evening.

In addition to the talk and some music, the gentlemen who attend will be taken up into the gymnasium and allowed the privilege of inspecting the regular class work in this attractive department of the local Association, including the dumb-bell drill and exercises on the apparatus. Remember, no admission is charged, and the members and their girl friends, and any man who cares to attend, will be welcomed.

He was advised to try Chamberlain's Pain Balm. The first bottle of it he had him considerably and the second bottle effected a cure. The 25 and 50-cent sizes are for sale by J. James Wood, Druggist.

In the last of making up yesterday's report of the raid on the cockfighters, THE LEDGER scribbled that the "sports" had applied to the steamer M. P. Wells to convey the Aberdeen Wharf-boats. The Wells was "out of it" this time; they applied to the Silver Wave folks. However, an enterprising com; temporary copied THE LEDGER's account substantially—error and all.

Charles A. The plot tells an interesting story of a Gypsy quartette. The opportunities in the play for Mr. Gardner to introduce his well known songs are better than in many other plays, and he will render many new songs never before heard in this place. HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours, a sediment or settling indicates a diseased condition of the kidneys. When urine settles in this position it is evidence of kidney trouble. To frequent urinate to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge to express, that Dr. Kilmer's Swamp Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidney, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or has effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp Root is soon realized. It is the highest praise for the wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention THE FRUIT OF LEMMON and send your full Postoffice address to Dr. Kilmer & Co., Binghamton, N. Y. One day he picked up a newspaper and read an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He got a bottle of it, the first dose helped him and his continued use cured him. HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours, a sediment or settling indicates a diseased condition of the kidneys. When urine settles in this position it is evidence of kidney trouble. To frequent urinate to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

KENTUCKY NEWS.

The Latest News From All Parts of the Commonwealth.

SENATOR GOEBEL.

It is stated for Governor According to a Louisville story.

LOUISVILLE, Ky., Feb. 10.—The tip is out that State Senator William Goebel will make the race for governor subject to the action of the democratic convention. Senator Goebel's friends have been quietly arranging their plans for a meeting in this city in the next few days to discuss the matter, and the senator himself will be present. This preliminary caucus is expected to materialize at the Willard hotel Wednesday some time.

In addition to the following which Senator Goebel has in his own section of the state it is expected that the support of all democrats will be enlisted in his behalf, regardless of the differences on the money question. One man who is interesting himself is a prominent silversmith from Southern Kentucky, and he will arrive in Louisville Wednesday to meet with the other backers of the movement in Mr. Goebel's behalf.

A well-known newspaper man from Bowling Green, who is known to be close to Senator Goebel, and is anxious that he should make the race, said:

"The friends of Goebel think he is the man who could bring together the two factions of the party. He is a good man for the office, and would fill it with credit to himself and his constituents. The whole scheme will be hatched shortly in Louisville. Goebel has both gold and silver men backing him, and what the party leaders say will go."

It will be difficult to make the farmers support him at first because he is a gold man. Public sentiment must be created about the fact that this will be accomplished through the power of the press. Mark my word, Goebel will be the next governor.
